

Norrisville Recreation Council
November 2010 Meeting
Call to Order 702 p.m.

Cathy Russo from Longaberger made a presentation for a possible bingo fundraiser.

Greg Paye from Maryland Fencing based in Abingdon gave a presentation for a possible fencing program at Norrisville.

President's Report:

Pay Pal for online registration is costing more then we thought. It will be left up to each program whether they want to use it or not for their registrations.

Background check discussion tabled again but will be first item discussed at January meeting.

Brian brought up the idea for all chairpersons and officer's that they must attend at least three meetings a year to be eligible to vote in elections. This was put up for a vote and passed. The Board of Directors will decide the wording and what section of the Bylaws this will be added to.

The Board appointed Doug Kettel to fill Toby Marindin's vacant Board of Director position until elections in 2011.

During the October Presidents meeting the 2011-2012 Capitol Budget requests were made by all Presidents. Norrisville requested field maintenance for the middle lighted soccer field and repairs to the tennis courts. The request for \$600,000 for development for the pending property was dropped. Brian felt it was not appropriate to ask for this due to the county's financial situation plus the fact that the property development is on hold. When the property moves forward the request for funding will be made.
